

أرامكو السعودية
Saudi Aramco

“We were the first company to win an award for Geographic Information Systems ... the technology and initiatives are amazing, unlike anywhere I have worked before.”

Currently Recruiting Geoscience Professionals

Not many companies can boast of their own state-of-the-art command and control drilling operations center.

Equipped with the latest technology, this dedicated center allows real time data to be transmitted from any Saudi Aramco rig site.

Innovations like this are just one of the many reasons to join the award winning Geoscience team at Saudi Aramco.

In addition to the professional benefits, we also provide an employee package that includes a generous salary, travel allowances and significant educational subsidies for eligible dependents.

We are looking for team members with a broad level of skills to fill several roles, including:

- Explorationist
- Petrophysicist
- Reservoir Geologist
- Seismic Processor
- Seismic Data Acquisition
- Reservoir Geophysicist
- Petroleum Engineer
- Planning Geoscientist
- Borehole Geophysicist
- Reserve/Resource Geologist
- Reserve/Resource Geologist
- Clastic Geologist
- Geophysicists Potential Fields
- Geophysicist - Seismic Interpreter
- Wellsite Coordinator
- Geophysicist QA & HSE OS
- Surveyor - Geomatics
- Micropaleontologist & Palynologist
- Carbonate Geologist
- Clastic Geologist/Petrologist
- Geological Data Manager
- Geophysical Data Manager
- Rock Physicist
- Seismic Imaging/Depth
- Geophysical Technician
- Basin Modeler
