

The **Geophysical Association of Ireland (GAI)**

The **International Association of Hydrogeologists (IAH Irish Group)**

and

The **Geological Survey of Ireland (GSI)**

Invite you to an evening lecture:

## **Applications of Geophysical Methods in Hydrogeological Investigations**

**Prof. Dr. Hans Jürgen Voigt**

**Brandenburgische Technische Universität Cottbus**

Date: Tuesday, 2<sup>nd</sup> March 2010

Time: Tea/Coffee 5:30 pm, Start of Lecture 6:00 pm

Venue: GSI, Beggars Bush, Haddington Road, Dublin 4

Topics: Introduction of the book 'Environmental Geology' edited by the Federal Institute for Geosciences and Natural Resources (Germany), recommendations and guidelines for geophysical investigations, surface geophysical methods, down-hole and push probe (CPT) geophysics in hydrogeology

Intended audience: Professionals involved in hydrogeology, geology, geophysics, water well drilling and research. All welcome. Admission is free.
